Warnings

Prior to installation and use of this product, the following WARNINGS should be observed.

1. Installation and servicing should only be done by qualified service personnel and conform to all local codes.
2. Only use replacement parts recommended by Pelco.
3. Installation shall be done in accordance with all local and national electrical and mechanical codes utilizing only approved materials.
4. Use only installation methods and materials capable of supporting four times the maximum specified load.
5. Use stainless steel hardware to fasten the mount to outdoor surfaces.
6. To prevent damage from water leakage when installing a mount outdoors on a roof or wall, apply sealant around the bolt holes between the mount and mounting surface.

The product and/or manual may bear the following marks:

 This symbol indicates that there are important operating and maintenance instructions in the literature accompanying this unit.

Please thoroughly familiarize yourself with the information in this manual prior to installation and operation.

Description

The EM4400 wall mount and the CM4400 ceiling mount feature an adjustable tilt table and are designed for use with small camera enclosures. These mounts are designed to hold loads of up to 15 pounds (6.75 kg).

The EM4450 wall mount and the CM4450 ceiling mount are designed with an adjustable swivel head to handle camera loads up to 7 pounds (3.15 kg).

Installation

To install the EM/CM/4400/4450 light-duty mounts, perform the following steps:

1. Drill holes in the mounting surface using the mount as a template, or refer to Figure 1 for mounting dimensions. Where required, drill a 1/2-inch minimum diameter hole for cable feedthrough.
2. When applicable, feed the camera power supply cable and coax through the mount arm and out the 1/2-inch diameter hole in the arm. Extra access may be gained by removing the black plastic cap from the end of the arm. Be sure to feed an adequate quantity of cable through for camera hook-up.
3. Attach the mount securely using appropriate fasteners.

If you install the mount outdoors on a wall, rain water could leak through the holes for the mounting bolts and damage the wall. This could be a problem only if the mounting bolts go completely through the wall.

To prevent water damage, seal the bolt holes with an appropriate sealant. Apply the sealant around the bolt holes between the mount and the mounting surface.

NOTE: The two fasteners that secure the mount to the mounting surface are not supplied.

CAUTION: Make certain that the mounting surface is able to support the full load of the mount, enclosure, and camera.

CAMERA/ENCLOSURE ATTACHMENT

EM4400/CM4400

1. Attach the camera or enclosure/camera assembly using one or both of the 1/4-20 x .500 hex head screws provided.
2. Loosen the hex head bolts securing the tilt table assembly and adjust for the proper pan and tilt angles. Tighten all hardware (access to the pan adjustment screw is gained by removing the black plastic end cap).
3. Connect camera power and coax cable. Reference the appropriate enclosure manual (as required) for further installation.

EM4450/CM4450

1. Attach the camera or enclosure/camera assembly to the 1/4-20 threaded stud on the swivel head and tighten the nut against the camera.
2. Loosen the set screw on the swivel assembly, if necessary, with the Allen wrench that is provided. Position the camera/enclosure in the desired position and tighten the set screw.
3. Connect camera power and coax cable.

PRODUCT WARRANTY AND RETURN INFORMATION

WARRANTY

Pelco will repair or replace, without charge, any merchandise proved defective in material or workmanship **for a period of one year** after the date of shipment.

Exceptions to this warranty are as noted below:

- Five years on the following fixed camera models: CC3701H-2, CC3701H-2X, CC3751H-2, CC3651H-2X, MC3651H-2, and CC3651H-2X.
- Three years on all other fixed camera models (including Camclosure® Integrated Camera Systems) and Genex® Series (multiplexers, server, and keyboard).
- Two years on all standard motorized or fixed focal length lenses.
- Two years on Legacy®, CM6700/CM6800/CM8500/CM9500/CM9740/CM9760 Matrix, DF5 and DF8 Series Fixed Dome products.
- Two years on Spectra®, Esprit®, and PS20 Scanners, including when used in continuous motion applications.
- Two years on Esprit® and WW5700 series window wiper (excluding wiper blades).
- Eighteen months on DX Series digital video recorders and NVR300 series network video recorder.
- One year (except video heads) on video cassette recorders (VCRs). Video heads will be covered for a period of six months.
- Six months on all pan and tilts, scanners or preset lenses used in continuous motion applications (that is, preset scan, tour and auto scan modes).

Pelco will warrant all replacement parts and repairs for 90 days from the date of Pelco shipment. All goods requiring warranty repair shall be sent freight prepaid to Pelco, Clovis, California. Repairs made necessary by reason of misuse, alteration, normal wear, or accident are not covered under this warranty.

Pelco assumes no risk and shall be subject to no liability for damages or loss resulting from the specific use or application made of the Products. Pelco's liability for any claim, whether based on breach of contract, negligence, infringement of any rights of any party or product liability, relating to the Products shall not exceed the price paid by the Dealer to Pelco for such Products. In no event will Pelco be liable for any special, incidental or consequential damages (including loss of use, loss of profit and claims of third parties) however caused, whether by the negligence of Pelco or otherwise.

The above warranty provides the Dealer with specific legal rights. The Dealer may also have additional rights, which are subject to variation from state to state.

If a warranty repair is required, the Dealer must contact Pelco at (800) 289-9100 or (559) 292-1981 to obtain a Repair Authorization number (RA), and provide the following information:

1. Model and serial number
2. Date of shipment, P.O. number, Sales Order number, or Pelco invoice number
3. Details of the defect or problem

If there is a dispute regarding the warranty of a product which does not fall under the warranty conditions stated above, please include a written explanation with the product when returned.

Method of return shipment shall be the same or equal to the method by which the item was received by Pelco.

RETURNS

In order to expedite parts returned to the factory for repair or credit, please call the factory at (800) 289-9100 or (559) 292-1981 to obtain an authorization number (CA number if returned for credit, and RA number if returned for repair).

All merchandise returned for credit may be subject to a 20% restocking and refurbishing charge.

Goods returned for repair or credit should be clearly identified with the assigned CA or RA number and freight should be prepaid. Ship to the appropriate address below.

If you are located within the continental U.S., Alaska, Hawaii or Puerto Rico, send goods to:

Service Department
Pelco
3500 Pelco Way
Clovis, CA 93612-5699
